

US 50/SR 131 & MILFORD PARKWAY/CHAMBER DRIVE IMPROVEMENTS

Clermont County Transportation Improvement District

Project Description

The Clermont County Transportation Improvement District, in cooperation with the City of Milford, the Clermont County Engineer's Office, Miami Township, and Union Township, and the Ohio Department of Transportation, is beginning to study the US 50/SR 131 and Milford Parkway/Chamber Drive intersections and the surrounding areas for possible economic, environmental, and transportation improvements.

As part of this project, a market analysis study, environmental overview, and traffic analysis will be performed for the study area.

Project Goals

Initial goals developed by the team for the US 50/SR 131/Milford Parkway/Chamber Drive Improvements project include the following:

- Evaluate the economic conditions of the area, identify areas of potential growth, and assist in the determination of anticipated traffic volumes in the area.
- Identify environmental features and potential mitigation/green infrastructure opportunities.
- Improve the study area access, safety, and travel efficiency for both current traffic volumes and potential growth in the study area.
- Develop a transportation plan for future community, economic, and redevelopment opportunities.

Project Input

We are gathering data on the existing issues, resources, and features relative to the study area and are presenting some of that information at tonight's meeting. By signing in, you will be added to the mailing list and kept up to date on the study and future opportunities to participate in with respect to the project.

If you have any questions or concerns, feel free to contact any of the project team members.

Project Schedule

Public Open House Meeting #1.....	Nov 18, 2009
Market Analysis Study, Environmental Overview, and Traffic Analysis.....	Feb 2010
Alternatives Analysis.....	Apr 2010
Public Open House Meeting #2.....	May 2010
Preliminary Engineering and Environmental Clearance.....	Jun 2011
